DESCRIPTION

Mobile-Focused Software Developer & UI/UX Designer with 5 years of commercial experience across 20+ projects.

I specialize in mobile applications (React Native, Expo, Flutter) and user interfaces design (Figma, Adobe XD, Affinity).

I combine technical and design expertise to deliver end-to-end solutions from concept to deployment.

EXPERIENCE

Intern Software Developer – TDCM SP. Z O.O.

2021

- Data extraction from various online sources using XPath and RegExp.
- Creating a mobile application in React Native with a local Node.js/Express server and Socket.IO communication over the Tor network.
- Implementing video template rendering with the Shotstack API, preparing masks and UI in Adobe XD for dynamic video generation.
- Designing interfaces in Adobe XD for mobile applications and websites.
- Managing and developing the TDCM website tdcm.io on Wix.

Software Developer & UI/UX Designer – TDCM SP. Z O.O.

2021 – 2025

- Participation in over 20 projects involving mobile apps (React Native, Expo, Flutter) and web apps (React, TypeScript, JavaScript, HTML5, CSS3, Sass, Tailwind) with backend integration (MongoDB, Supabase, Firebase).
- Designing and implementing UI/UX interfaces for mobile apps and websites, as well as participating in redesign and product development using tools (Figma, Adobe XD, LottieFiles, SVGator, Affinity) and resources (Dribbble, Behance). Creating visual identities.
- Creating project documentation.
- Development of the tdcm.io and tdcm.ai websites in Wix/Wix Studio.
- Supporting client communication and project estimations.
- Participation in UI/UX recruitment and mentoring.

Owner- Designer & Web Developer – ITUX Mateusz Kuzaj

2022 – present

- Designing and developing WordPress and Next.js websites, covering everything from UI/UX to SEO.
- Creating visual identities (logos, color systems, promotional materials).
- Designing packaging, advertising materials, and product photography. Content creation.
